

Oval pneumatic nozzle sets

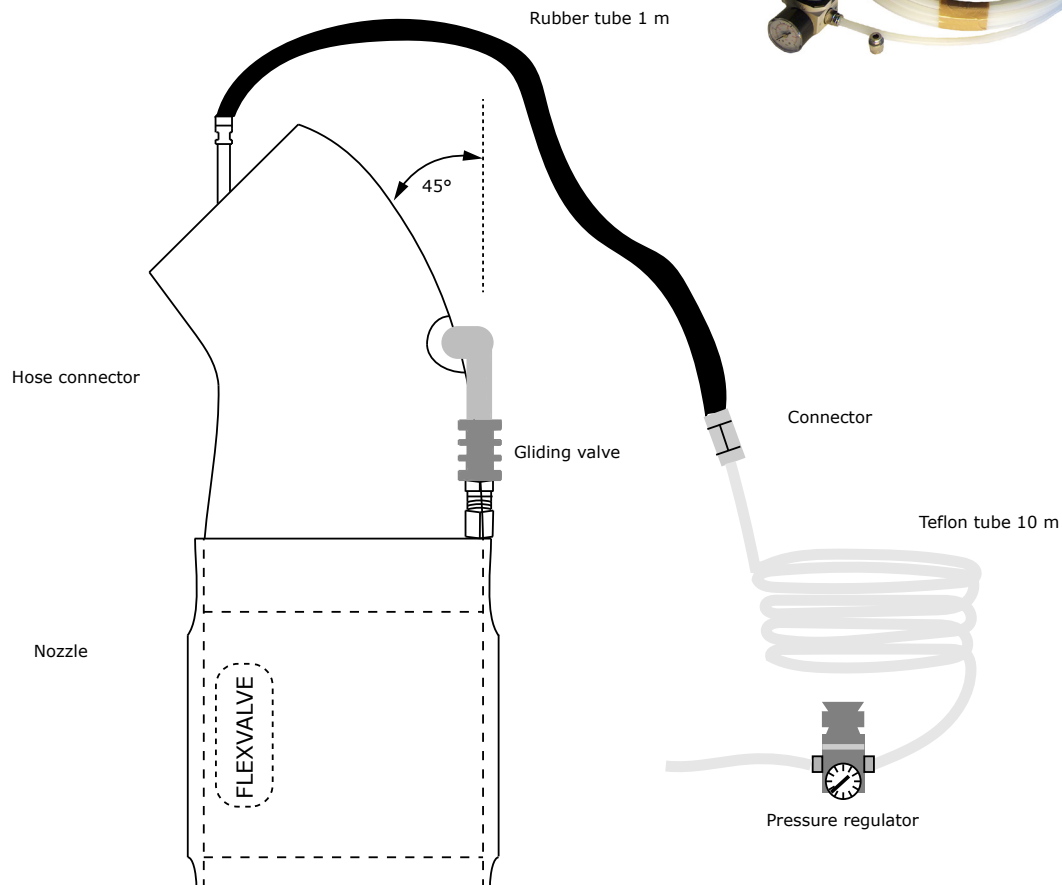

With hose connector
With all necessary pneumatic air components

For commercial vehicles with
single or double exhaust pipes

A pneumatic nozzle set contains a nozzle with a hose connector (straight or 45° bend) and all necessary pneumatic air components (including a pressure reduction valve and a 10-meter Teflon air tube) for connection to a normal compressed air installation.

Nozzle sets can be adapted to most types of exhaust gas extraction installations e.g. hose reels and rail systems. The nozzles expand from both sides when activated.

Your company name and logo can be stamped into the nozzle without extra costs.

PRODUCT NO.	NOZZLE SIZE (MM)	HOSE CONNECTOR DIAMETER	HOSE CONNECTOR	EXHAUST PIPE SIZE
255152	150/80	3" (76 mm)	Straight	ø10/ø100
255154	150/80	4" (101 mm)	Straight	ø10/ø100
255162	150/80	3" (76 mm)	45° bend	ø20/ø100
255164	150/80	4" (101 mm)	45° bend	ø20/ø100
255204	200/100	4" (101 mm)	Straight	ø20/ø125
255206	200/100	5" (126 mm)	Straight	ø20/ø125
255214	200/100	4" (101 mm)	45° bend	ø20/ø125
255216	200/100	5" (126 mm)	45° bend	ø20/ø125
