

## FlexGrip nozzles 200/50

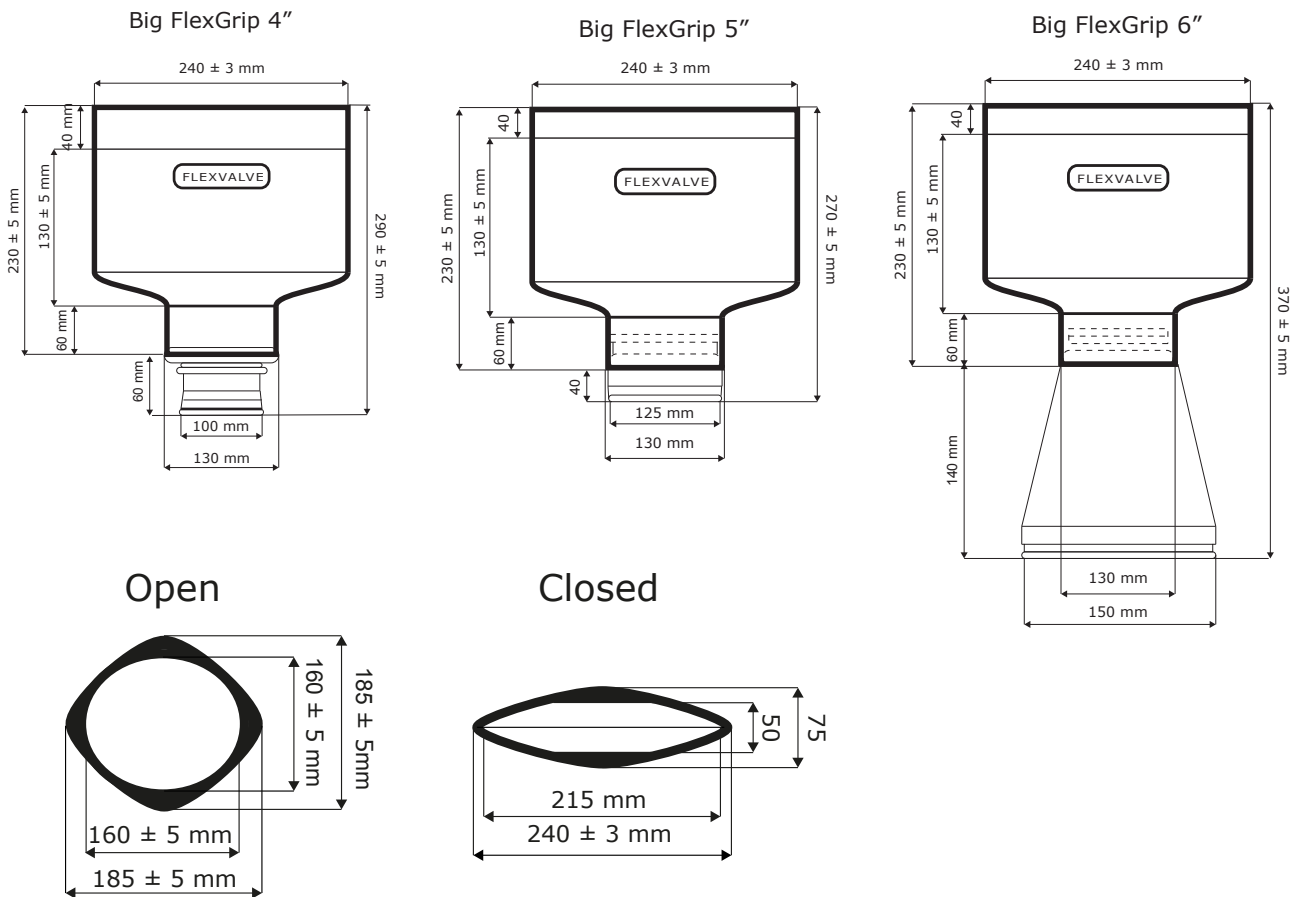

Grips tight on exhaust pipes  
With a 4", 5" or 6" straight hose connector

Commercial vehicles and trucks

The large FlexGrip Nozzle is available for commercial vehicles and trucks. The opening is sufficiently narrow and stiff to grip tight on exhaust pipes without any other type of activation. The upper lip is thin and flexible whereas the lower lip is so thick that it closes the opening when not in use. The FlexGrip nozzle has a straight hose connector (4", 5" or 6").

The FlexGrip Nozzle can easily be operated by just one hand.

Your company name and logo can be stamped into the nozzle.

PRODUCT NO.	SLEEVE SIZE (MM)	HOSE CONNECTOR DIAMETER	EXHAUST PIPE SIZE	WEIGHT (GRAM)	MAX. TEMPERATURE
220202	200 / 50	4" (101 mm)	ø60 / ø140	1020	+150°C
220203	200 / 50	5" (126 mm)	ø60 / ø140	1020	+150°C
